

Options in Ultracamp

Option Categories

<https://help.ultracamp.com/hc/en-us/articles/7228683795604-Option-Categories>

Settings > Option Templates > Option Categories

- Add or Edit an Option Category
 - o Note: There is usually one category for many templates
- Category Name: This will be title or subject of your Options
- Category Description: optional to share with participants more information
- Page Display Type: if it's simple you can have it share page with other categories. If it is going to link to other options or forms, choose Display on its own Page
- Select Mode: is this option going to allow one or multiple selections for a participant to choose from
- Additional Settings allow for how many selections they can choose and if it is required
- Financial Settings: Inherit from session
- Choose if Discounts can apply to options in this category

Option Templates

<https://help.ultracamp.com/hc/en-us/articles/7228685649300-Option-Templates>

Settings > Option Templates > Option Templates

- Choose Category Name this Template goes under
 - o Note: Think of Option Templates as the answers or choices of the option category
- Sub Category: Usually no necessary
- Option Name: This is the name
- Short Name: How will it show up in reports
- Descriptions (Optional)
- The following checks should always be checked:
 - o Display to Public (If you want it available for anyone to choose in the registration process)
 - o Display to Admin
- Additional settings up to your needs
- Fees: does this option cost something additional?
- Availability Limit: REQUIRED
- Age/Grade Restrictions
- Additional Settings
 - o Enabled: Be sure this is checked to make it available
 - o Documents, Form, Seasonal Fees, Payment Plans and other options can be added as additional requirements or availabilities due to this option.

Adding Options to a Session

<https://help.ultracamp.com/hc/en-us/articles/7228701523988-Scheduling-Session-Options>

Scheduling > Session Options > Session Options

- Add one session option at a time to several sessions

OR

My Sessions > View Summary of Sessions > Go to session you want to add multiple options to > Edit pencil > Under Additional Information, Choose Session Options > Add Session Options > Complete
